Good Afternoon Joy and Sherrece,

I have a quick question for you both. We have a sub that is seeing a client that is undocumented. They are wanting to know how to go about getting this client a SS# so they can then consider enrolling her into A2A. So, this brings about a few questions. First, if a person is undocumented can they get a SS# and how? If they're able to get a SS# can we enroll them in A2A as long as they're a Missouri resident and plan to stay in Missouri long term? If they don't have a SS# are they able to get other forms of State assistance, such as food stamps, Medicaid, etc.

This is new territory for us so wanting to make sure we're well informed before considering how we should move forward with this client.

Thank you! Carrie Carrie Hoelscher A2A Program Manager
